

Town of Phillipston

Free Firewood Request

Name _____

Address _____

Contact #'s _____

Please indicate below any special instructions as to where the wood is to be delivered. Also, indicate if there is any kind or size you **DO NOT** want such as pine, butt logs, etc.

When wood becomes available recipients will be notified by the Selectmen's Office in the order in which their names appear on the list. If the recipient chooses to refuse the load for any particular reason, their name will then be moved to the bottom of the list and the load is given to the next person on the list.

Further, by filing and signing this request, it is understood that the Town is saved harmless from any or all claims upon and after delivery. It is also understood that the availability of wood is on an "as available" basis, and that by being added to the wood list, no individual is *guaranteed* free wood at any given time.

Instructions:
