BUILDING DEPARTMENT

978-249-1736

TOWN OF PHILLIPSTON
BUILDING DEPARTMENT
978-249-1736

INSPECTION SCHEDULE

- ❖ Sono Tube.... after sono tube is in place, before placement of concrete. ½" anchor bolts extend a minimum of 8" into concrete.

OR

- ❖ FOUNDATION....
 - After excavation, prior to footing pour.
 - After concrete is poured before back filling, to include:
 - Ties off
 - Holes filled
 - Damp proofing or water proofing
 - Drainage system
- ❖ FRAMING.... After framing is complete, before insulating, to include:

*** Sign offs for plumbing and electrical rough inspections are needed prior to framing inspection***

- ❖ INSULATION inspections
- ❖ FINAL inspection... Building Department inspection after sign-off's from all other departments are required.

**Upon completion of the project
The building permit must be returned to Building Department**

Warning

IF YOU ARE APPLYING FOR A BUILDING PERMIT AS A HOMEOWNER

- You are now personally responsible for all work on this project.
- You are responsible to see that all work meets the Mass. Bldg. Codes.
- You must supervise all work.
- You must call the Bldg. Dept. to schedule all required inspections.
- You have waived all rights to the Mass. Guaranty Fund.
- You are the General Contractor of the project and a court of law will view you as such if you are sued, or if you should have the need to sue another party.
- Your subcontractors may lien your property.
- Any worker injured on your project may sue you if you do not carry Workmen's Compensation Insurance.
- Failure to carry Workmen's Compensation insurance may results in criminal penalties, i.e. fines and/or imprisonment.

This warning has been assembled because we have found that a majority of those citizens who sign the Homeowner's Exemption Form are not aware of the responsibilities that go along with assuming the construction responsibilities.

Massachusetts General Laws chapter 152 section 25 requires all employers to provide workers' Compensation for their employees. As quoted from the "law", an **employee** is defined as every person in service of another under contract of hire; implied, oral or written.

An **employer** is defined as an individual, partnership, association, corporation or other legal entity, or any two or more of the foregoing engaged in a joint enterprise, and including the legal entity, employing employees. However, the owner of a dwelling house having not more than three apartments and who resides therein, or the occupant of the dwelling house of another who employs persons to do maintenance, construction or repair work on such dwelling house or on the grounds or building appurtenant thereto shall not because of such employment be deemed to be an employer.

I have read and understand the above information.

Information and Instructions

Massachusetts General Laws chapter 152 requires all employers to provide workers' compensation for their employees. Pursuant to this statute, an **employee** is defined as "...every person in the service of another under any contract of hire, express or implied, oral or written."

An **employer** is defined as "an individual, partnership, association, corporation or other legal entity, or any two or more of the foregoing engaged in a joint enterprise, and including the legal representatives of a deceased employer, or the receiver or trustee of an individual, partnership, association or other legal entity, employing employees. However the owner of a dwelling house having not more than three apartments and who resides therein, or the occupant of the dwelling house of another who employs persons to do maintenance, construction or repair work on such dwelling house or on the grounds or building appurtenant thereto shall not because of such employment be deemed to be an employer."

MGL chapter 152, §25C(6) also states that **"every state or local licensing agency shall withhold the issuance or renewal of a license or permit to operate a business or to construct buildings in the commonwealth for any applicant who has not produced acceptable evidence of compliance with the insurance coverage required."** Additionally, MGL chapter 152, §25C(7) states "Neither the commonwealth nor any of its political subdivisions shall enter into any contract for the performance of public work until acceptable evidence of compliance with the insurance requirements of this chapter have been presented to the contracting authority."

Applicants

Please fill out the workers' compensation affidavit completely, by checking the boxes that apply to your situation and, if necessary, supply sub-contractor(s) name(s), address(es) and phone number(s) along with their certificate(s) of insurance. Limited Liability Companies (LLC) or Limited Liability Partnerships (LLP) with no employees other than the members or partners, are not required to carry workers' compensation insurance. If an LLC or LLP does have employees, a policy is required. Be advised that this affidavit may be submitted to the Department of Industrial Accidents for confirmation of insurance coverage. **Also be sure to sign and date the affidavit.** The affidavit should be returned to the city or town that the application for the permit or license is being requested, **not** the Department of Industrial Accidents. Should you have any questions regarding the law or if you are required to obtain a workers' compensation policy, please call the Department at the number listed below. Self-insured companies should enter their self-insurance license number on the appropriate line.

City or Town Officials

Please be sure that the affidavit is complete and printed legibly. The Department has provided a space at the bottom of the affidavit for you to fill out in the event the Office of Investigations has to contact you regarding the applicant. Please be sure to fill in the permit/license number which will be used as a reference number. In addition, an applicant that must submit multiple permit/license applications in any given year, need only submit one affidavit indicating current policy information (if necessary) and under "Job Site Address" the applicant should write "all locations in _____ (city or town)." A copy of the affidavit that has been officially stamped or marked by the city or town may be provided to the applicant as proof that a valid affidavit is on file for future permits or licenses. A new affidavit must be filled out each year. Where a home owner or citizen is obtaining a license or permit not related to any business or commercial venture (i.e. a dog license or permit to burn leaves etc.) said person is NOT required to complete this affidavit.

The Office of Investigations would like to thank you in advance for your cooperation and should you have any questions, please do not hesitate to give us a call.

DEBRIS DISPOSAL AFFIDAVIT

In accordance with Chapter 40, Section 54, towns are required to issue a building permit for the new construction, demolition, renovation, rehabilitation or other alteration of a building or structure. This is to assure that the debris resulting the above will be disposed of in a properly licensed solid waste facility, as defined by Section 150 (A) of Chapter 111.

The debris from construction work being performed at:

(Please print house number and street name)

Is to be disposed of at:

(Please print name and location of facility)

Or will be disposed of in a dumpster on-site rented or leased from:

(Company Name & Address)

Signature of Permit Applicant or Owner

Date

Temporary disposal permits may be obtained by out of town contractors by bringing a copy of the building permit to the Phillipston Board of Health. Construction debris will not be accepted by the Phillipston Board of Health.

If for any reason, debris will not be disposed of as indicated, the Applicant or Owner shall notify the Building Department as to the location where the debris will be disposed.

M.G.L., Chapter 40, Section 54:

Every city or town shall require, as a condition of issuing a building permit or license for the demolition, renovation, rehabilitation, or other alteration of a building or structure, that the debris resulting from such demolition, renovation, rehabilitation, or other alteration be disposed of in a properly licensed solid waste disposal facility, as defined by section one hundred and fifty A of chapter one hundred and eleven. Any such permit or license shall indicate the location of the facility at which the debris will be disposed. The issuing authority shall amend the permit or license to so indicate.
